

Amherst questions, by disciplinary panelists, to accuser AS:

TODD PORTER: Throughout this, I'm curious to know... Um, during the alleged incident, was -- were you able to recognize or understand his level of intoxication?

IRANIA MUNIZ: I have a question. Um, throughout the report it's a little, um, I think unclear what -- how you define hooking up and which parts were consensual and which part, um, were unconsensual [sic]. Can you clarify that a little bit?

[AS, per Amherst rules, was allowed to type her answer to this question.]

IRANIA MUNIZ: I have -- have one more question. Um, what was your conversation with your roommate where you told her --

[AS had seduced her roommate's then-boyfriend.]

ERIC HAMAKO: Um, how did your relationships with P.T. , L.W. (inaudible) and other people affected -- and other people, how were your relationships affected once they knew about your hookup with John in the common room or heard your allegations of forced oral sex?

IRANIA MUNIZ: Any -- did you and E.K. continue rooming together for the remainder of the semester?

Sandra Jones : Yes, we did.

IRANIA MUNIZ: And did you have a friendship at that point?

ERIC HAMAKO: Thank you. And to follow-up on that --

Sandra Jones : Yeah.

ERIC HAMAKO: -- in the report it had noted that this happened around 2:00 a.m. So can you walk us through, say, the hours from when the event happened until, I don't know, say 6:00 a.m. or until you went to sleep? So kind of the events after -- after what you have noted here.

ERIC HAMAKO: After -- after John left the room that night can you walk us through the further events that happened, um --

Sandra Jones : Sure.

ERIC HAMAKO: -- I guess until you go to sleep.

ERIC HAMAKO: So in one of your verbal responses here you noted that you felt pressured to go back to your room. Um, could you describe the pressure that you felt?

IRANIA MUNIZ: Um, and then at some point there were comments being made about you and your roommate and you decided that you no longer wanted to engage. That's when it became unconsensual [sic]. Can you talk a little bit about where you were positioned physically.

IRANIA MUNIZ: And were you laying on the bed and he was on top of you?

DePauw questions, by disciplinary panelists, to accuser JB. Note the utter lack of skepticism from the questioners.

our questions of ██████ at this point. ██████, can you tell us what you remember having to drink that night and where you were at each point?

So did you have one mixed drink there or more than one?

Sutherland: For the purposes of us being able to estimate what alcohol content about how long, over the course of how many hours were you drinking that night?

Sutherland: What made you think that the cider, punch drink had Everclear in it?

Sutherland: When you say increments of time you don't remember, you are meaning the days following or at least in the context of this question.

Do you remember about how big the cup you were drinking cider out of was?

Sutherland: If you had to characterize your own level of intoxication on a scale of 1 to 10 that night, where would you put yourself?

Sutherland: Was there any point in the evening that you realized that you were drunk, intoxicated?

Sutherland: How would the amount of drinks you had on this particular night compare to other nights you have consumed alcohol?

Sutherland: Is there anything you have been able to remember since you have wrote, any new memories that have come to you since you wrote your statement?

██████: From the night?

Sutherland: Uhhum. Since it has been a little while, is there anything new that you have realized that you remember at all?

██████: Just like from being at the party in the basement?

Sutherland: Or any point through the night.

██████  
Sutherland: What do you remember about the evening starting from the time that you were in the basement at Delt?

Sutherland: Ok. You said that in the morning or the next morning that Ben was acting rude and weird. Can you say a little more about that?

Sutherland: There was a little over a month that passed between the incident and when you spoke to Charlene and you had immediately gone to the hospital for an exam that next day. Can you tell us a little bit about your reasoning for reporting officially reporting to Public Safety when you did?
